

Summer Challenges 2022

For children who will be Year 1 in September

Rhinos – Ms Fowler

Elephants – Miss McGroary

Meerkats – Mr Stafford

Here is a range of challenges to be completed during the summer holidays, please record these on **Tapestry**.

Make your own music

Make drums with sticks.
Fill bottles with water and see how the sounds change.

Make your own **puzzle** using a picture or photograph. Decide how many pieces to cut it into, cut carefully then have a go at putting it all back together again. You could then pass it to someone else to reconstruct. Ask your grown up before cutting and for any help.

READ READ READ

Read to a teddy or pet. Read in a pillow fort. Read magazines, signs, fiction, and non-fiction.

Complete the summer reading challenge. Join in with the 'Wild World Heroes' as you read between June and September and discover how you can make a difference to the environment too. There is information about how to find books to read here: <https://summerreadingchallenge.org.uk/how-to-access-books> You can read more about the reading challenge here: <https://summerreadingchallenge.org.uk/about-the-challenge>. Why not ask your grown-up about joining online?

KEEP READING!

Number knowledge poster

Pick a number less than 10.
Make a poster to show everything you know about it.
e.g. adding, subtracting, the number of tens and ones, which times table it is in.

Find out some **facts** about your new class animal and make a mini-book or poster.

Alternatively, you could write a letter or **postcard** and send it to school!

Have fun exploring nature.

Create some wild art – can you paint using leaves or press some wildflowers?
Help a plant to grow.
Keep a nature diary – with pen or paper or photographs.
Climb a hill...then roll down it.
Wear a wild crown.

There are lots more ideas on the National Trust website. <https://www.nationaltrust.org.uk/50-things-to-do>

Follow a set of instructions to make something. This could be a Lego model, a recipe or anything of your choosing.

Draw a picture or make a model of your class animal.

Design an obstacle course.

This could be in your own garden or down at the park as you decide on a route using the play equipment. Ask your grown up to time you then try to beat your personal best!

Rainbow scavenger hunt

Find something each colour of the rainbow and place them in order. You could write a list, draw, or take pictures. You could do this inside or outside.
