

30<sup>th</sup> September 2022

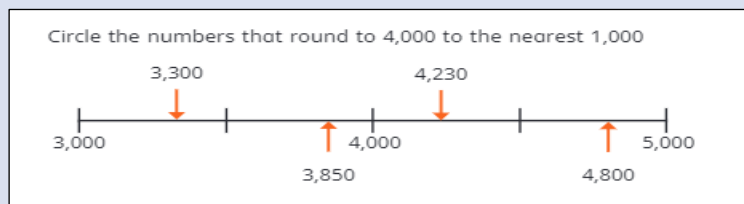

Dear Parents and Carers,

In Forest Schools this week, the children worked hard to represent 4 digit numbers in nature. They worked in teams and were very inventive when tackling this challenge. We will get some of their work on to the website for you to see in the Year 4 class files. In history this week the children have been looking at Anglo-Saxon place names and were very surprised to see how many of our villages, towns and cities have Anglo-Saxon heritage. In science the children were looking at what materials conducted electricity and what materials were insulators. They predicted if their circuit would work, constructed their circuit, and then recorded their results.

We are getting an increasingly large pile on non-named school uniform. Can we please urge you to name everything you send into school so we can return mislaid items to their owners.

**Home Learning:** It was great to see so many children's Home Learning on **Teams** and the children had the opportunity to share their work with their class. They have also been set assignments on **Mathletics** and **Spelling Shed**. Well done to all children who competed in last week's battle on **Times Table Rock Stars**. Year 5 have requested a battle against us this week so let the best year group win!! Come on Year 4!!

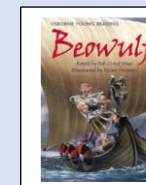

In **Maths** next week, the children will be learning how to round numbers to 10, 100 and 1000.

In **English** next week, the children are going to start to write their version of Beowulf

In **Spelling** we will be learning about the prefix -inter which means between, amongst or during.

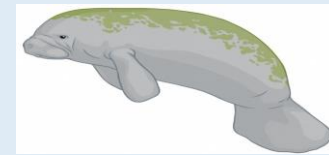

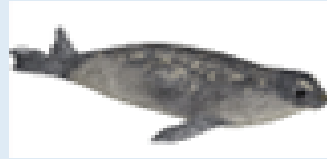

We will also be looking at the spelling of a selection of the Year 3/4 spelling list. In Year 4 we will look at list B. **The spelling words are attached with this letter below.**
